Kitchen

Accessories & Organisers

ABOUT US

GJ Enterprises was established in 2001 in a venture to facilitate as a one-stop-shop for the complete range of hardware for Kitchens, Wardrobes, Glass partitions, Locking solutions and other exclusive Interior Decorative accessories. The core idea was to persuade customers to add their own edge to their living and working spaces by using creative hardware accessories that we selectively import from some of the leading hardware manufacturers in Europe. In 2016, we launched our Experience Centre in OMR, Thoraipakkam, displaying our entire range of products. This step was taken with the intention and foresight of giving our customers a physical feel of the pristine quality of the products that we offer.

SLIDER L 70

Coplanar Sliding System

L70 is the coplanar system for cabinets with doors weighing up to 70 kg each. Thanks to the exclusive patented design of the slider range, the precision-built carriages and tracks and to the revolutionary linear magnetic damper, L70 delivers the smoothness and lightness of touch typical of Salice even with particularly heavy doors.

Available in two or three door varients, it can be specified with a customisable front cover. Its features of reliability, modularity and capacity make L70 ideal for wardrobes in the bedrooms & for all large cabinets in general.

per shutter

STRIKE +

OVERLAPPING SYSTEM

Strike+, a sliding system for wardrobes with 2,3 or more overlapping doors, is now equipped with a revolutionary magnetic damping system that decelerates the opening and closing action and delivers an extremely fluent and silent movement.

This innovative solution sets a new standard of silent and smooth sliding movement by eliminating the typical noise and resistance produces by spring-action dampers and enables the door to be easily opened.

Price range

70/100 Kgs

Door Thickness

FT2A

Sliding & folding system

FT2A with it’s bifold folding mechanism, Effortlessly blends Ergonomics with Space optimization. With it’s provision to work as a hinged as well as a freely moving mechanism, FT2A is the perfect choice for smaller spaces looking to replace openable shutter facades with something more lucrative.

Best coupled in pairs of doors moving to the right and left, the FT2A helps open out the wardrobe space a 100%,affording a clear, uninterrupted vision of the storage cavity within.

Price range
